

JASON SHIVERICK

LEAD DATA SCIENTIST AND RELIABILITY ENGINEER

jshivoo@gmail.com

github.com/jshiv

(281) 725-3319

Technical

Python
Git

Matlab
linux / shell

R

Experience

Tesla Motors Senior Data Scientist 2012 to present

Built a Data Science program in reliability engineering.

****Technical Environment**** Python, Hadoop

Projects

Turntable
pythonhosted.org/turntable/
Functional framework for
multiprocessing objects in
python.

Education

Graduate Course Work (Reliability Engineering) 2012 to 2013

University of Maryland
(online) College Park, Maryland

ENRE 602: Reliability Analysis *ENRE 655: Advanced Methods in
Reliability Modeling*

**Bachelors of Science in Aerospace Engineering 2004 to
2008**

Iowa State University
Ames, Iowa
